

# China International Silver Conference 2010 (CISC)

<http://silver2010.antaik.com>

Conference Theme: Focus on Beijing, Explore in Development, Open up Interspace

Conference Date: Oct 15<sup>th</sup>-17<sup>th</sup>, 2010 Beijing, China

## Background

As countries around the world have taken a proactive fiscal policy and monetary stimulus, as a result of the global financial crisis, economies have started to show signs of moderate recovery. At the end of 2009, international commodity markets began to rebound; gold and silver were no exception. The world economy continues to suggest complexity and uncertainty and the European sovereign credit crisis is deepening. Many analysts suggest that the price of gold and silver will continue to rise.

In 2010, two principles of global economic recovery are industrial resurgence and the gradual withdraw of government stimulus policy. Governments, under the overall objective background of improving global industrial structure, encouraging economic development methodologies, and controlling inflation, are exploring the new international financial state of affairs. In this post-crisis era, it is also important to grasp potential new financial regulations. The 9<sup>th</sup> CISC will examine new trends in the global silver market, and discuss ways market participants can help further accelerate silver industrial restructuring and revitalization.

Accordingly, the 2010 China International Silver Conference, will be hosted by Gems & Jewelry Trade Association of China, and co-hosted by China General Chamber of Commerce, China Nonferrous Metals Industry Association, China Chamber of Commerce of Metals Minerals & Chemicals Importers and Exporters, and the Silver Institute. The CISC is will be organized by Beijing Antaika Information Development Co., Ltd, and will be held in Beijing, at the Fragrant Hill Empark Hotel (five stars) on October 15<sup>th</sup>-17<sup>th</sup>, 2010.

9<sup>th</sup> China International Silver Conference (CISC) will invite important national ministries and leading global industry executives, as well as experts in China and abroad to discuss macroeconomics and the global financial situation, silver industry policy orientation, industry upgrades and technical progress. Additionally, Oct 16<sup>th</sup> is the Double Ninth Festival in the Chinese lunar calendar, which is an auspicious day worthy of celebration. The custom of ascending a height to avoid epidemics was passed down from long time ago. CISC organizers in particular are looking forward to a climbing tour to Fragrance Hill in accordance with this event.

**Hosted by :** Gems & Jewelry Trade Association of China  
China General Chamber of Commerce  
China Nonferrous Metals Industry Association  
China Chamber of Commerce of Metals Minerals & Chemicals Importers and Exporters  
The Silver Institute

**Organized by :** Beijing Antaika Information Development Co., Ltd.

**Co-hosted by :** Henan Jiyuan Jinli Smelting Co., Ltd.

Conference Address: Fragrant Hill Empark Hotel (five stars), Beijing
